

Carveth Village of Middleville was founded in June, 1999 by Ray and Cheryl Peters. They started with a simple philosophy - to create a home-like environment for seniors to age in a place with dignity and respect.

Being a family owned and operated Senior Community, Ray and Cheryl know from personal experience with their own parents, having a place that provides quality care and a place to call "home" is a blessing.

A firm belief in preserving the dignity, promoting self worth, nurturing the human spirit, encouraging individuality and independence sets Carveth Village apart from other retirement communities.
